

## Zentis Osaka Unveils a Romantic Escape

*A two-night stay package designed for honeymoons, anniversaries and romantic getaways*

OSAKA (May 7, 2026) - For those who prefer buzzy big cities over remote backdrops, Zentis Osaka is rolling out a stay package that pairs the zen-like setting of its urban sanctuary with the vibrant cityscape of one of Japan's most popular destinations.

Located a leisurely stroll from the art and culture hub that is Nakanoshima, the picturesque islet nestled between the Dojima and Tosabori Rivers, the hotel makes for both the perfect base from which to enjoy all that Osaka has to offer and a blissful hideaway to retreat to at the end of each day.

The '**Romantic Escape at Zentis Osaka**' stay package includes:

- Two nights of accommodation in a Studio, Corner Studio or Suite
- Daily breakfast at UPSTAIRZ Restaurant – with a choice of American, Japanese or vegan breakfast supplemented by a buffet presentation
- A bottle of 'AWA' Japanese sparkling wine by Château Mercian made with Japanese Koshu grapes and exquisitely blended with chardonnay and riesling
- Canelés (four) by CANELÉ du JAPON, with Japanese ingredients incorporated into the much-loved French confectionery
- A sumptuous, prix-fixe dinner at UPSTAIRZ Restaurant, topped with its signature dessert plate featuring an artful array of bite-size treats
- A box of 'everlasting flowers' (fresh flowers preserved to last 2-3 years)

Moreover, couples can request (at additional charge):

- Wine pairings to accompany their four-course dinner at UPSTAIRZ
- Zentis Osaka's cozy pajamas custom-embroidered with their initials

The menu at Michelin-recommended UPSTAIRZ highlights local ingredients, presenting each season's finest with a European twist. Selections include dishes such as sea bream carpaccio, saffron-infused acqua pazza with Japanese *hamaguri* clams, and tagliatelle wagyu-beef Bolognese. Optional wine pairings will feature recommendations by the team at UPSTAIRZ Bar, which includes multi-award-winning mixologists.

For those who might like to enjoy a touch of culture during their urban escape, Zentis Osaka's Craftsmanship series includes activities such as an introduction to *shodō* (Japanese calligraphy), an experience which the hotel team can assist with arranging.

A member of Design Hotels, Zentis Osaka was conceived by Tara Bernerd of internationally renowned UK design firm Tara Bernerd & Partners and features contemporary interiors with an industrial-chic vibe. Its convenient location and laid-back feel, replete with outdoor terraces surrounded by greenery, make it the ideal setting for urban getaways.

The '**Romantic Escape at Zentis Osaka**' stay package can be booked from May 18 onwards (subject to availability), with rates starting at JPY 79,000 (based on double occupancy), excluding taxes and service charge. Bookings must be made at least three days in advance.

## ABOUT ZENTIS OSAKA

**Zentis Osaka** is the debut property of Palace Hotel Group's Zentis label, a brand with designs on raising the bar on select-service hospitality. Sixteen stories tall, the contemporary build features interiors by internationally renowned UK design firm Tara Bernerd & Partners and a pedigree that stems from the award-winning Palace Hotel Tokyo – the independent, homegrown brand that has redefined luxury Japanese hospitality.

Subtly edgy, wonderfully Japanese and naturally resplendent, the 212-room hotel pays homage to a city known for its industrious charm with an industrial chic look and laid-back feel. Osaka's first addition to the bespoke collection of Design Hotels features local design touches, including *shigaraki-yaki* bedside tables crafted in the kilns of Shiga, *shodō*-inspired wallpaper installations and contemporary works by a local artist. The dining concept at UPSTAIRZ – the hotel's lounge, bar and restaurant – features a menu with Japanese and French influences.
